

CONFIDENTIAL
MEMORANDUM

June 28, 2005

TO: Steve Silverman
Chair, PHED Committee

FROM: Marilyn Praisner *MP*

SUBJECT: Request for Meeting

Over the weekend I was briefed on some actions regarding development in Clarksburg that, if accurate, raise some serious questions about implementation of the master plan, review of site plans, construction of MPDUs, and issuance of occupancy permits. Whether in closed or open session, I believe the PHED Committee needs to review the issues. I would request there be participation from both MNCPPC and the Department of Permitting Services.
